\*In accordance with [Section \(s.\) 1008.34\(7\), Florida Statutes \(F.S.\)](#) the 2022-2023 school and district grades serve as an informational baseline for schools and districts to work toward improved performance in future years. Learning gains components are not included in the 2022-2023 informational baseline school and district grades. Due to the absence of learning gains data in the 2022-2023 school year,

the initial school grading scale for the 2022-2023 informational baseline grades was set so that the percentage of schools that earned an A, B, C, D, and F is statistically equivalent to the 2021-2022 school grades results. When learning gains data becomes available in the 2023-2024 school year, the State Board of Education will review the school grading scale and determine if the scale should be adjusted.

For information about Florida's Consolidated State Plan, see [Every Student Succeeds Act \(ESSA\)](#), and for detailed information about School and District Grade calculations see the [School Grades Overview](#) (PDF) and [Guide to Calculating School Grades, District Grades, and the Federal Percent of Points Index](#) (PDF).
